

TEMPERATURE-CONTROLLED SOLUTIONS

Fresh and frozen cargo experience you can trust.

When you need to ship meat, poultry, dairy, produce, seafood, and other temperature-sensitive goods, you can trust our experienced team to coordinate your shipments so they arrive at their destination safely and on time.

Longevity and experience you can trust.

A third-party logistics provider, licensed property broker, licensed ocean freight forwarder and NVOCC, JTS has been in business since 1971, so you can depend on our experience, financial strength and soundness.

Service excellence with personal attention.

We provide friendly, personal attention 24/7 as we respond to your questions and any issues that may arise. Our team of experts help protect your temperature-controlled shipments and simplify the process with every load you entrust to us:

- Monitor all pick-ups, convey loading instructions.
- Maintain contact with carriers to confirm your freight arrives safely and on-time.
- Negotiate the best carrier rates possible to increase your profitability.
- Support and enforce your seal policies.
- Simplified billing, claims filing and processing.

Customized, multi-modal freight options.

We offer individualized freight solutions to meet your domestic and global logistics needs:

- Full Truckload
- Rail Intermodal
- Import/export
- Transloading
- Less-than-Truckload
- Air and Ocean freight
- Drayage
- Cross-docking

Only qualified carriers move your shipments.

You can trust that only qualified carriers are moving your freight. Our Carrier Relations team pre-qualifies all carriers before loading:

- Verify operating authority and carrier insurance.
- Check safety ratings and references.

As a CargoNet member, we track fraudulent activity in the marketplace to safeguard your freight from theft and fraud.

Won Best in Cargo Security Award 2018 (Mid-size Broker)

Continuous development and investment in technology.

At JTS, the evolution of technology is always moving forward. We make investments to offer the most advanced features possible.

As a value-added benefit of partnering with JTS, we offer our cloud-based **arriviture®** TMS, **arriviture®**, to our customers at no cost. The system is powered by MacroPoint®, project 44®, SMC3®, CLOUDFLARE®, Atmosera®, PCMiller®, DAT®, and Microsoft® Azure™.

Customers gain instant access and visibility into their logistics communications any time, any where. Users can get instant rate quotes, enter new orders, track shipments, consolidate shipments, run analytics reports, create shipping documents and view invoices for Truckload, LTL and Intermodal; International freight can be traced as well.

TEMPERATURE-CONTROLLED SOLUTIONS

Building long-term relationships on reliability.

We've proven over time that we are reliable with each load you entrust to us. We have a proven track record of success, offering a level of dedicated service unmatched in the industry. This has earned us the respect of the nation's shippers.
