

# SEAFOOD SOLUTIONS

If you want superb service, we're a great catch.

**For seafood distributors, importers, exporters and wholesalers of quality seafood products, JTS is the supply chain provider of choice for moving virtually any seafood products to your customer.**

## Longevity and experience you can trust.

A third-party logistics provider, licensed property broker, licensed ocean freight forwarder and NVOCC, JTS has been in business since 1971, so you can depend on our experience, financial strength and soundness.

## Service excellence with personal attention.

We provide friendly, personal attention 24/7 as we respond to your questions and any issues that may arise. Our team of experts help protect your shipments and simplify the process with every load you entrust to us:

- Monitor all pick-ups, convey loading instructions.
- Maintain contact with carriers to confirm your freight arrives safely and on-time.
- Negotiate the best carrier rates possible to increase your profitability.
- Support and enforce your seal policies.
- Simplified billing, claims filing and processing.

## Experts in temperature-sensitive freight.

We understand the unique shelf life requirements of your seafood products. Our experienced team will arrange your shipments using 53-foot temperature-controlled full truckload trailers so they arrive safely.

## Only qualified carriers move your shipments.

You can trust that only qualified carriers are moving your freight. Our Carrier Relations team pre-qualifies all carriers before loading:

- Verify operating authority and carrier insurance.
- Check safety ratings and references.

As a CargoNet member, we track fraudulent activity in the marketplace to safeguard your freight from theft and fraud.

- Won Best in Cargo Security Award 2018 (Mid-size Broker)
- Won Best in Cargo Security Award 2016 (Small Broker)

## Continuous development and investment in technology.

At JTS, the evolution of technology is always moving forward. We make investments to offer the most advanced features possible.

As a value-added benefit of partnering with JTS, we offer our cloud-based **arriviture®** TMS, **arriviture®**, to our customers at no cost. The system is powered by MacroPoint®, project 44®, SMC3®, CLOUDFLARE®, Atmosera®, PCMiller®, DAT®, and Microsoft® Azure™.

Customers gain instant access and visibility into their logistics communications any time, any where. Users can get instant rate quotes, enter new orders, track shipments, consolidate shipments, run analytics reports, create shipping documents and view invoices for Truckload, LTL and Intermodal; International freight can be traced as well.
