FOR IMMEDIATE RELEASE

Johanson Transportation Service Named to Food Logistics' 2017 FL100+ Top Software and Technology Providers List

FRESNO, CA – December 18, 2017 -- JTS (Johanson Transportation Service), a leading third-party supply chain solutions provider, announces that *Food Logistics*, the only publication exclusively dedicated to covering the movement of product through the global food supply chain, has named the 3PL to its **2017 FL100+ Top Software and Technology Providers** list.

"New developments and innovations in the software and technology sector are making sizeable impacts on the global food supply chain," notes Lara L. Sowinski, editorial director for *Food Logistics* and its sister publication, *Supply & Demand Chain Executive*. *"The result is greater visibility, improved regulatory compliance, enhanced shelf life for perishables, and the emergence of a more proactive and nimble food supply chain that benefits both the food industry and its logistics partners, as well as the end consumer."*

"The FreightOptixx™ cloud-based TMS was developed over time by our experienced team of transportation and information technology experts and is a testimony of JTS as the flag bearer of transparency in the supply chain," says President/CEO of Johanson Transportation Service, Larry Johanson. *"The entire team at JTS is fully focused and driven by the desire to be the very best—a forward-thinking, cutting-edge brokerage company."*

The annual **FL100+ Top Software and Technology Providers** list serves as a resource guide of software and technology providers whose products and services are critical for companies in the global food and beverage supply chain. Companies on this year's **2017 FL100+ Top Software and Technology Providers** list will be profiled in the November/December 2017 issue of *Food Logistics*, as well as online at www.foodlogistics.com.
