

**FOR IMMEDIATE RELEASE**

### **JTS Awarded CargoNet's Best in Cargo Security**

**Fresno, CA – July 20, 2017** -- JTS (Johanson Transportation Service), a leading third-party supply chain solutions provider, announces that they have been awarded **CargoNet's Best in Cargo Security Award** for their prevention efforts in 2016 in the Small Broker Category (under \$1 Billion in gross revenue).

CargoNet, a Verisk Analytics (Nasdaq:VRSK) business, helps transportation companies, shippers, and other supply chain stakeholders prevent cargo theft and improve recovery rates through secure and controlled information sharing among theft victims, their business partners, and law enforcement.

As a CargoNet member, JTS utilizes the intelligence gathering tools, tips, best practices, training and analytics CargoNet provides to the fullest extent possible. These tools are leveraged to educate JTS' shipper customers and carriers about potential risks that have been identified as relevant to their core logistics and shipping activities.

*"Our dedicated Carrier Relations team follows strict, proven preventative measures to safeguard our customers from carrier fraud and cargo theft, which results in financial loss, damaged credibility and a disruption in the flow of goods between our customers and their own customers. We are honored that our diligence has been recognized with this award,"* said Director of Compliance and Legal Affairs Alicia Ruiz.

Ruiz accepted the award on June 30, 2017 at the Supply Chain Cargo & Security Summit in Jersey City, NJ.

*"We're very pleased to recognize Johanson Transportation Service's security efforts by selecting it as a 'Best in Security' winner,"* said Anthony Canale, general manager, CargoNet. *"JTS has been a CargoNet member since 2013 and has demonstrated a level of concern for the security of their customer's cargo at a level rarely seen. We are proud to recognize these efforts and grateful for their continued support."*

JTS has a whitepaper available addressing how to prevent carrier fraud and cargo theft, which can be requested by contacting JTS at [CR@johansontrans.com](mailto:CR@johansontrans.com).
