JTS Named to *Food Logistics*' 2016 FL100+ Top Software and Technology Providers List

Fresno, CA – December 20, 2016 – JTS (Johanson Transportation Service), a leading third-party supply chain solutions provider, announces that *Food Logistics* has named Johanson Transportation Service (JTS) to its **2016 FL100+ Top Software and Technology Providers** list.

The **FL100+ Top Software and Technology Providers** list serves as a resource guide of software and technology providers whose products and services are critical for companies in the global food and beverage supply chain.

"The software and technology sector continues to generate new and exciting opportunities for growers, food manufacturers, grocery retailers and the many logistics providers that support them," notes Lara L. Sowinski, editorial director at *Food Logistics*. *"Today's cloud-based solutions and mobile connectivity are helping create tools that are more flexible, affordable and responsive, making software and technology even more valuable to those in the global food supply chain."*

JTS CEO/President Larry Johanson comments, *"We are proud to be recognized as a top technology provider by Food Logistics, and this honor is strengthening our position as a provider of cutting-edge technology solutions in the logistics industry. Our cloud-based FreightOptixx™ TMS solution provides customers with easy access and visibility into their supply chain activities, helping them become faster and more efficient at managing their daily logistics tasks."*

Companies on this year's **2016 FL100+ Top Software and Technology Providers** list will be profiled in the November/December 2016 issue of *Food Logistics*, as well as online at www.foodlogistics.com.
