**Ruiz & Martin Become Accredited Cargo Claims Practitioners  
Three new employees hired across U.S.**

**Fresno, CA – April 28, 2017** -- JTS (Johanson Transportation Service), a leading third-party supply chain solutions provider, announces that Director of Compliance & Legal Affairs, **Alicia Ruiz**, and Corporate Accounting Manager **Becky Martin**, have both earned board certification as a **CCP (Certified Claims Professional)** from the Certified Claims Professional Accreditation Council (CCPAC).

CCP accreditation is evidence that a practitioner has a high degree of competence and experience and is at the forefront of best practices in the industry when it comes to the negotiation and administration of domestic and international cargo claims management.

The **CCP's** high professional standards require that practitioners successfully complete a comprehensive examination, as well as provide proof of previous education and work experience and must maintain their accreditation through continuing education. They are held to a code of conduct of integrity, loyalty and fair-minded consistency in settling claims based on the facts of law.

JTS also announces the addition of three new staff members:
