FOR IMMEDIATE RELEASE

JTS Named to Food Logistics' 2018 FL100+ Top Software and Technology Providers

Fresno, CA – December 18, 2018 – JTS (Johanson Transportation Service), a leading third-party supply chain solutions provider, announces that *Food Logistics*, the only publication exclusively dedicated to covering the movement of product through the global food supply chain, has named Johanson Transportation Service to its 2018 FL100+ Top Software and Technology Providers list for the third year in a row.

The annual FL100+ Top Software and Technology Providers serves as a resource guide of software and technology providers whose products and services are critical for companies in the global food and beverage supply chain.

"The digital supply chain continues its rapid emergence, bringing with it expanded capabilities that impact visibility, security, compliance and efficiency," remarks Lara L. Sowinski, editorial director for *Food Logistics* and its sister publication, *Supply & Demand Chain Executive*. *"Every aspect of the global food supply chain stands to benefit from new and innovative software and technology that is fundamentally changing the global food supply chain."*

"JTS appreciates the continued recognition by Food Logistics as a top technology solution provider. Our team has worked diligently since the launch of our cloud-based TMS, FreightOptixx™, to enhance our customer experience. Our carrier and shipper customers who utilize our TMS have reduced manual touch points as they manage their daily freight activities and have experienced gains in time-savings and productivity that help them do their job more efficiently," says CEO/President Larry Johanson.

Companies on this year's 2018 FL100+ Top Software and Technology Providers list will be profiled in the November/December 2018 issue of *Food Logistics*, as well as online at www.foodlogistics.com.
