JTS recognized as a 2017 “Top 10 Supply Chain Solution Provider” by *Logistics Tech Outlook Magazine*

Fresno, CA – October 2, 2017 – JTS (Johanson Transportation Service), a leading third-party logistics provider, announces that they have been recognized in the September *Logistics Tech Outlook Magazine* as one of the 2017 “Top 10 Supply Chain Solution Providers – an annual listing of ten companies that are at the forefront of providing supply chain management solutions for the logistics sector and impacting the marketplace.

Each year a panel of industry experts, logistics industry professionals, and technology leaders including *Logistics Tech Outlook* editorial board members reviewed many solution providers and narrowed the list down to ten providers.

In addition to appearing on the list, President/CEO Larry Johanson was interviewed for the four-page cover story, titled “Managing Freight, Delivering Service”. The article highlights the evolution of JTS’ cloud-based TMS, FreightOptixx™, which provides its customers anytime, anywhere visibility and access to their supply chain activities.

“The entire team of JTS is fully focused and driven by the desire to be the very best,” says JTS President/CEO Larry Johanson. “It takes an immensely talented group of people, working as a unit, to continue the successful journey. JTS is not about the triumph of one person but each one in the team, so this recognition is a testament to JTS’ commitment by all our staff to be a forward-thinking, cutting edge brokerage company.”
